

2025/2026 Autumn Light Engineering 3c. 1gr.

| Monday        |                                                                                                                                          |                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|
| 09:00 - 10:30 | Solar Energy (LECTURE)<br>Vincas Tamošiūnas, Prof., Dr.                                                                                  | 201, Saulėtekio al. g. Palace III (FF) |
| 11:00 - 12:00 | Solar Energy (seminar)<br>Vincas Tamošiūnas, Prof., Dr.                                                                                  | 201, Saulėtekio al. g. Palace III (FF) |
| 12:00 - 14:00 | Solar Energy (laboratory works) Subgroups: 1<br>Linas Minkevičius, Assoc. Prof., Dr.                                                     | 706, Saulėtekio al. g. Palace III (FF) |
| 12:00 - 14:00 | Solar Energy (laboratory works) Subgroups: 2<br>Linas Minkevičius, Assoc. Prof., Dr.                                                     | 706, Saulėtekio al. g. Palace III (FF) |
| 14:00 - 16:00 | Optical Spectroscopy (LECTURE)<br>Valdas Šablinskas, Prof., Dr. (HP)                                                                     | NFTMC B 336 (NFTMC)                    |
| 16:00 - 18:00 | Optical Spectroscopy (EXERCISES)<br>Valdas Šablinskas, Prof., Dr. (HP)                                                                   | NFTMC (NFTMC)                          |
| Tuesday       |                                                                                                                                          |                                        |
| 09:00 - 10:30 | Organic Optoelectronics (LECTURE)<br>Saulius Antanas Juršėnas, Prof., Habil. dr.                                                         | 201, Saulėtekio al. g. Palace III (FF) |
| 11:00 - 12:00 | Organic Optoelectronics (seminar)<br>Saulius Antanas Juršėnas, Prof., Habil. dr.                                                         | 201, Saulėtekio al. g. Palace III (FF) |
| 12:00 - 14:00 | Solar Energy (laboratory works) Subgroups: 3<br>Linas Minkevičius, Assoc. Prof., Dr.                                                     | 706, Saulėtekio al. g. Palace III (FF) |
| 12:00 - 14:00 | Solar Energy (laboratory works) Subgroups: 4<br>Linas Minkevičius, Assoc. Prof., Dr.                                                     | 706, Saulėtekio al. g. Palace III (FF) |
| 12:00 - 14:00 | Modern Illumination Technologies and Light Design (Paskaitos, seminarai, pratybos) Subgroups: 1<br>Vladislovas Čižas, Assist. Prof., Dr. | 103, Saulėtekio al. g. Palace III (FF) |
| 15:00 - 16:30 | Modern Illumination Technologies and Light Design (LECTURE)<br>Pranciškus Vitta, Prof., Dr.                                              | 201, Saulėtekio al. g. Palace III (FF) |
| Wednesday     |                                                                                                                                          |                                        |
| 09:00 - 10:30 | Laser Engineering (LECTURE)<br>Ona Balachninaité, Assoc. Prof., Dr.                                                                      | 401, Saulėtekio al. g. Palace III (FF) |
| 11:00 - 12:30 | Laser Engineering (seminar)<br>Ona Balachninaité, Assoc. Prof., Dr.                                                                      | 401, Saulėtekio al. g. Palace III (FF) |
| 13:00 - 17:00 | Organic Optoelectronics (laboratory works)<br>Saulius Antanas Juršėnas, Prof., Habil. dr.                                                |                                        |

|               |                                                                                                                                          |                                        |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|
| 13:00 - 17:00 | Laser Engineering (laboratory works)<br>Ona Balachninaité, Assoc. Prof., Dr.                                                             |                                        |
| 15:00 - 17:00 | Modern Illumination Technologies and Light Design (Paskaitos, seminarai, pratybos) Subgroups: 2<br>Vladislovas Čižas, Assist. Prof., Dr. | 103, Saulėtekio al. 9, Palace III (FF) |
| Thursday      |                                                                                                                                          |                                        |
| 09:00 - 10:30 | Semiconductors Growth Technologies (LECTURE)<br>Tomas Grinys, Assoc. Prof., Dr.                                                          | 401, Saulėtekio al. 9, Palace III (FF) |
| 11:00 - 15:00 | Semiconductors Growth Technologies (Semlabpra)<br>Tomas Grinys, Assoc. Prof., Dr.                                                        | 401, Saulėtekio al. 9, Palace III (FF) |
| Friday        |                                                                                                                                          |                                        |
| 09:00 - 12:00 | Laser Engineering (laboratory works)<br>Ona Balachninaité, Assoc. Prof., Dr.                                                             |                                        |
| 09:00 - 14:00 | Organic Optoelectronics (laboratory works)<br>Saulius Antanas Jursėnas, Prof., Habil. dr.                                                |                                        |
